

TRANSFER PATHWAY GUIDE

A.A.S, Computer Security and Forensics to a Bachelor of Science in Cybersecurity

General Transfer Benefits

Bellevue University accepts the A.A.S. in Computer Security and Forensics in its entirety from the SUNY Broome Community College to count towards requirements for a B.S. in Cybersecurity, an accelerated cohort program, at Bellevue University. The generous credit transfer policy for students also includes the identification of additional elective credits beyond the associate degree that can be taken at the SUNY Broome Community College and count towards bachelor degree requirements at Bellevue University*. Any courses considered remedial/developmental (less than 100-level) will not transfer for college credit. A free, preliminary transfer credit evaluation can be requested at any time by providing unofficial transcripts to your Bellevue University Relationship Manager who will provide one-on-one advising and transfer support throughout the process.

Other Benefits include:

- Credits from courses with a letter grade of D- will transfer if they are earned as part of the associate degree requirements.
- No prerequisites will be required for students starting an accelerated cohort program with a completed associate degree.
- Students may transfer up to a total of 78 credit hours inclusive of the associate degree and any eligible elective credits earned at the community college**.

Bachelor Degree Requirements for accelerated cohort programs

Minimum Credits for Bachelor of Science:	127
Minimum Hours in Residence at Bellevue University (includes online courses):	30
Minimum Upper Level Hours to be completed with Bellevue University:	30
Minimum Upper Level Hours in the Major at Bellevue University	12
Minimum Cumulative GPA required to graduate:	2.0
Minimum Major GPA required to graduate:	2.5

Admissions Requirements**

For admission into Bellevue University, students are required to complete:

1. Application for Admission – Complete your application at <https://transfer.bellevue.edu/broome>
2. Official Transcripts – Order all necessary official transcripts to satisfy program admissions requirements. Electronic transcripts should be sent from the school to: BUSRTranscripts@bellevue.edu
3. Academic Readiness Assessment – This short assessment gauges the student’s current academic skillset. This is not a pass or fail test; this helps the student identify their strengths and weakness and allows their Relationship Manager to address any areas of concern before the student enrolls. Once the application for admission is finished, the student will receive a unique link to complete the assessment.
4. Financing – Complete the FAFSA and add Bellevue University’s school code: **002538**
OR discuss alternate financing options with your local Relationship Manager.

*Some exclusions may apply. Consult with your Relationship Manager to determine eligible elective credits which can be transferred to count towards your chosen degree program and to verify minimum graduation requirements for this degree.

**Additional Admission Requirements – Due to accreditation, licensing, or other determining factors, additional admission requirements may apply. After meeting these qualifications, the student may be granted full admittance.

Associate Degree: A.A.S. in Computer Security and Forensics	 BELLEVUE UNIVERSITY Degree Pathway	Major: CYBERSECURITY
School: SUNY Broome Community College		Emphasis: Protect and Defend (PDEC)
Catalog: 2022-2023		Degree: Bachelor of Science
